Gov. W. Lee O'Daniel, in his weekly radio broadcast yesterday, had assailed the proposal on grounds that it would not yield sufficient revenue and had urged the legislature to act first on a measure appropriating an added \$26,820,000 annually for social security.

Seldom in recent years has the house seen as much parliamentary maneuvering as there was before the tax bill came up. Members in the tax bill came up. Members in sympathy with the governor's view tried desperately to force floor consideration of the appropriation measure ahead of the tax bill. They were in a slight majority on most of the preliminary votes but while the floor fighting was going on, the appropriations committee got unanimous consent to meet.

That committee immediately voted to report the appropriations bill. That meant at least a day would be required to print the measure and after the committee acted, the house decided to work on the tax bill while waiting for the other proposal to return from the printer.

Legislators began ordering sand-wiches when it appeared that the house would not recess for lunch but would work straight through on the tax bill. The lower branch adopted a motion under which no member could leave as long as the tax measure was under consid-

EFFORTS BE MADE TO AVOID PRODUCTION JAMS FOR U. S.-BRITISH DEFENSE

VASHINGTON, Mar. 10.—(A?)—
Enactment of the lease-lend bill, defense officials said today, will signal the start of a nationwide drive to spread out work on armament contracts so that new orders for both British and American forces may be awarded without danger of production jams.

Explaining the necessity for the drive, these officials said that approximately 90 per cent of the \$10,000,000,000 in defense contracts awarded between last June and December went to 600 large concerns.

ROUTINE MATTERS OCCUPIED COURT IN SESSION MONDAY

Routine matters occupied the attention of the commissioners court Monday morning.

Tax matters were considered.
Judge E. D. McCormick advised the court he would be a witness before a legislative hearing Tuesday in Austin relative to the bond assumption act.

A resolution offered by Commissioner Drew Gillen, seconded by Commissioner Jim Taylor, was passed urging the passage by the legislature of a bill sponsored by Senator Ramsey whereby counties will pay the bond premiums of county treasurers and county commissioners. 'All voted aye.

On motion of Commissioner C.
O. Slaughter, seconded by Taylor, C. A. Tackett and Clifford Calame were named election judges of the Rushing precinct.

Claims were allowed except as noted on the docket.

A letter from Austin advised the court the check for \$539.61, 1939 bond assumption fund, was for Road District No. 14, and could be used only in that district. The court previously had voted to use the money for the repairing of the Emhouse bridge following recent damages by high water. The Emhouse bridge is not located in Precinct 14, it was stated at the court, so those funds cannot be used for that purpose.

THE TEXAS DOGWOOD | New Wildcat Test Will Be Drilled In TO OPEN MARCH 29

PALESTINE. March 10.—(Special).—Texas Dogwood Trails at Palestine, ready to open its fourth season on March 20., has a number of people here "jumping sideways" completing last minute preparation for an expected throng of visitors from all parts of Texas.

Looking back on the past three seasons of the trails, which have brought an aggregate total of well over 100,000 people to this East Texas small town, Dogwood Trails committeemen have "buckled down" since before the first of

pilgrimage.
Anxiously checking huds on the thousands of trees along two trails, Palestine folk have determined to their satisfaction that dogwood trees will cooperate this year by showering the woods with more blooms than any time since the Trails were first opened in 1938. With that assurance, road workers have improved trails through miles of hardwood timber undergrown with thickets of native dogwood.

Homes and clubs will hold open house receptions for visitors and guests will be sent on marked trails to the dogwood and scenes of the receptions.
